The **Association of Petit-Saconnex Residents in Geneva/Association des Habitants du Petit-Saconnex-Genève (AHPTSG)** needs your commitment and your ideas to contribute to the future of the Petit-Saconnex community.

The AHPTSG was created in November 2011. It was born out of a meeting of residents from various sub-neighbourhoods of Petit-Saconnex who were concerned about the major urban developments affecting the quality of their life and families. These residents were convinced to organise themselves to safeguard the spirit of their neighbourhood, to preserve its identity, its natural and cultural heritage, its environment, and its biodiversity. Twelve years later, this commitment continues and remains vital. It is the need for social cohesion and preservation of our patrimony that the AHPTSG has structured itself around seven poles of activity:

- **Social cohesion and solidarity through activities and events and advocating for the creation of our Community Center (“Maison de Quartier”)**
- **Cultural - through the organization of cultural events and projects**
- **Economic – by establishing dialogs and discussions with and between economic actors**
- **Environmental – by respecting and defending the quality of our environment**
- **Civic - by engaging in political dialogs and discussions affecting the community**
- **Health and Sports – by promoting sports activities and actions for disease prevention**
- **Exchanges – by building relations with associations, organizations and stakeholders**

The AHPTSG would like to get to know you and hear your ideas, comments, and suggestions.
